Foldify Zoo

Foldify Zoo takes the classic Foldify experience to the next level! Have fun whilst learning about your favourite animals! The fun isn't limited just to device either - print your animal figures from the app then assembly is easy, just cut it out and fold it up!

Foldify Zoo allows you:
• print your figures directly from the application using AirPrint or send the PDF via email
• view real-time 3D figure's preview – any action you take is previewed in 3D without any delays or extra steps
• zoom, rotate and draw on templates
• use photos from camera or library
• use stamps like eyes, mouths, patterns and many others
• upload your creations to Foldify server and browse other users' figures which you can print and rate
• share your figures on Facebook, Twitter and e-mail

Foldify Zoo for $1.99 is available on the App Store - itunes.apple.com/us/app/foldify/id820888045?mt=8

A video of Foldify Zoo in action is available here - vimeo.com/pixle/foldifyzoo

You can read more about it on Pixle's website - www.pixle.pl
